Is the vehicle financially encumbered?

When a bank, finance company or individual takes out an interest in a vehicle (that is, provides a loan to the owner), they register their interest in the vehicle. If a registered vehicle is still current, the vehicle could legally be repossessed. If you have not already checked that this vehicle is unencumbered you can find information on the Personal Property Securities Register (PPSR) at www.ppsr.gov.au prior to purchasing the vehicle.

Vehicle Registration Duty

Vehicle registration duty is collected by the Department of Transport and Main Roads as per the *Duties Act 2001* which is administered by the Commissioner of State Revenue. Vehicle registration duty is payable upon application to transfer a vehicle unless an exemption applies.

Dutiable value

For a vehicle previously registered, the dutiable value is the greater of either the market value or the total consideration payable for the vehicle (including GST if applicable).

For more information about how to determine the dutiable value, go to www.osr.qld.gov.au

Vehicle registration duty rates (calculated for each \$100 and each part of \$100, of the vehicle's dutiable value):

- All Electric/hybrid vehicles – \$2.00 per \$100
- Up to 4 cylinders/2 rotors (including steam) – \$3.00 per \$100
- 5 or 6 cylinders or 3 rotors – \$3.50 per \$100
- 7 or more cylinders – \$4.00 per \$100

Example of variable duty rate:

A 4 cylinder petrol car may have a market value of \$15,010

To calculate the dutiable value it would be rounded up to the nearest \$100 being \$15,100

Using the duty calculation rule of \$3.00 per \$100 on \$15,100

Duty payable would be \$453

Tractor based mobile machinery - vehicle registration duty is set at a fixed amount of \$25.00

To calculate the duty payable on your vehicle, go to the duty calculator at www.osr.qld.gov.au

The below examples are just some of the vehicle registration duty exemptions available. **For other duty exemptions and eligibility requirements, go to www.osr.qld.gov.au**
